Victor Allen is a native of Burlington, Wyoming, where his parents farmed. At a young age he grew up working in the dry edible bean business as well as working summers on the family farm in Burlington. After moving to North Dakota, then Minnesota, Victor graduated from the University of Minnesota with a Bachelors of Agricultural Business Administration. He went to work for Eastman Kodak, selling animal nutrition supplements. Subsequent career moves included marketing information systems and multiple product and business management roles leading global business units at Eastman Chemical Company. Victor obtained his Masters of Business Administration from Wake Forest University’s Executive MBA Program and went on to work in corporate finance at Eastman, including strategic and capital planning, mergers and acquisitions, and led the finance organization for Voridian, a $2.5 billion division of Eastman, before becoming corporate treasurer of the company. Later, Victor served as CFO for a technology development company seeking to convert algae to protein, oil, and dietary supplements. He also led his own management consulting practice before joining Wyoming Community Bank.

As a Wyoming native, Victor had desired to return to the state for many years. Victor has relocated from Kingsport, Tennessee to Riverton with his wife. They have two adult children. Their son works in seed research for Monsanto, and their daughter is a second-year veterinary student at Auburn University.

Victor is excited to be working with the folks at Wyoming Community Bank, and looks forward to working with customers on their agricultural and commercial financing needs.

Dubois Museum Christmas Open House
December 8th
The Dubois Museum will also be hosting their annual Open House and Free Museum Day on December 8th from 10 am- 4pm
BIG NEWS from the Labor Day Golf Tournament

As you may know, the third annual Help for Health Hospice Golf Tournament was held over Labor Day weekend. We matched a portion of each golfer’s registration fee and then put in a little extra to round it out for a total donation of $9,500. This money will be put to good use at the Hospice Home. Services provided at Help for Health Hospice include home health aide, counseling, medical social services, medical supply services, nursing services, and physician services. They are able to provide special care county wide for people who are terminally ill and with their team-oriented approach they address ALL aspects of the patients needs. We are so happy to be able to give back to our wonderful community. Thank you to all the participants that made it happen!

FAKE CHECK SCAMS

Did someone send you a check and ask you to send some money back?

THAT’S A SCAM.

MAYBE:

• You win a prize and are told to send back taxes and fees.
• You get paid as a “secret shopper” and are told to wire back money.
• You sold an item online and the buyer overpays.

IN ALL CASES you get a check and they ask you to send back money

IF IT’S A FAKE CHECK, WHY IS MONEY IN YOUR ACCOUNT?

Banks have to make deposited funds available quickly. It’s the law. But the bank may not learn for days that the check is bad. By then, the scammer has your money and you have to repay the bank. Remember- just because the check has cleared does not mean it is good.

WHAT TO DO:

• Be wary. Talk to someone you trust and contact your bank before you act.
• Never take a check for more than your selling price.
• Selling online? Consider using an online payment service.
• Never send money back to someone who sent you a check.
• Spot a scam? Tell the Federal Trade Commission: ftc.gov/complaint

Special congratulations to Wyoming Community Bank’s Parade Committee, who placed 1st in both the Lander Pioneer Days Parade for the Float Division and Fremont County Fair for the Business/Commercial Float Division. These dedicated employees put in many hours of planning and construction to show their pride for WCB. Good job team!
